Soft Skills

- Excellent communication skills
- Interpersonal skills
- Presentation skills
- Collaboration
- Result-oriented
- Analytical skills
- Problem-solving skills
- Attention to detail
- Time management
- Creativity
- Leadership skills
- Active Listening
- Critical Thinking
- Technical Competence

Certification

Certificate of Attendance

Center of Artificial Intelligence
Research, BAU Cyprus | February
2022

HSE 1, 2 & 3

ESMI | September 2020

HTML Fundamental Course

SOLOLEARN | August 2020

Python 3 Tutorial Course

SOLOLEARN | November 2019

PROFESSIONAL PROFILE

I'm a results-driven instructor with a passion for education and expertise in curriculum development. Skilled in delivering engaging and interactive lectures, fostering student learning through hands-on projects and practical applications. Committed to promoting critical thinking, problem-solving, and innovation in a dynamic learning environment. Experienced in mentoring and guiding students to achieve academic excellence.

EXPERIENCE

COMPUTER HADWARE TECHNICIAN

WII Technology | February 2021 - September 2023

- Conducted successful installations and upgrades of 50+ computer systems within strict deadlines, resulting in customer satisfaction.
- Diagnosed and resolved hardware and software issues, ensuring minimal downtime and optimal performances thereby achieving a 95% first-time resolution rate, minimizing productivity losses and maximizing customer satisfaction.
- Conducted weekly instructional sessions for interns, delivering engaging and interactive lessons on responsive design techniques, resulting in a 20% improvement in their ability to create mobile-friendly websites and web applications.

PHYSICS TEACHER (National Youth Service Corp- NYSC)

Idris Legbo Science College | March 2019 - February 2020

- Designed and delivered engaging lesson plans that align with curriculum standards, fostering student understanding, interest in physics and Increased student participation by 25% through the implementation of interactive teaching strategies and hands-on experiments.
- Mentored three students at the local debate competition, providing guidance and support throughout their preparation and performance thereby achieving outstanding results, with one student attaining first place in the competition.
- Coordinated and conducted extracurricular activities for over 20 students, focusing on teaching them graphics and other tech-related skills.

INDUSTRIAL TRAINEE

Geregu Power Plc | February 2016 - August 2016

- Played a key role in the successful completion of the total overhaul of the power plant, resulting in a 20% increase in operational efficiency and a 30% reduction in downtime.
- Conducted routine inspections and maintenance of equipment thereby ensuring optimal equipment performance.
- Assisted in the maintenance and record-keeping of critical devices in the switchyard.

Projects

Internet of Things (IoT) Based Smart Security System using Machine Learning

June 2023

Analysis of Electrical Distribution Transformers in Ife Central Local Government Area, Ogun State, Nigeria

August 2021

Design and Implemetation an Intelligent 3KVA, 24/220 Volts SPWM Inverter

October 2018

SIWES TRAINEE

Power Holding Company of Nigeria (PHCN)| September 2014 - December 2015

- Conducted routine inspections and maintenance of equipment, achieving a 95% compliance rate with maintenance schedules and ensuring optimal equipment performance.
- Assisted in the maintenance and record-keeping of critical devices in the switchyard, maintaining accurate documentation with a 99% accuracy rate.
- Participated in daily routine inspections of devices in the switchyard, identifying and resolving issues with a 98% success rate, ensuring uninterrupted power supply.
- Collaborated effectively with team members, resulting in a 15% improvement in task completion time and enhanced overall plant performance.

EDUCATION

Masters of Science in Computer Engineering (MSc) ;

Bahcesehir Cyprus University | 2021 - 2023

Grade - Honors | 3.33CGPA

Post Graduate Diploma in Remote sensing and Geographical Information Systems

African Regional Center for Space Science and Technology | Obafemi Awolowo University (OAU) | 2020 - 2021

Grade - Honors | 4.33CGPA

Higher National Diploma in Electrical/Electronics Engineering Technology

Federal Polytechnic, Auchi | 2016 - 2018

Grade - Lower Credit

National Diploma in Electrical/Electronics Engineering Technology

Federal Polytechnic, Auchi | 2013 - 2015

Grade - Upper Credit (Hons) Division

SKILLS

PROGRAMMING SKILLS

- HTML
- CSS
- Bootstrap
- JavaScript
- React
- Python
- Flask
- SQLALchemy

DESIGN SKILLS

- Adobe Photoshop
- Adobe Illustrator
- Canva
